Participating provider precertification list for Aetna®

Updated August 1, 2026

This document is a quick guide for your office to use for precertification with patients enrolled in Aetna health plans. This process is also known as prior authorization or prior approval.

Use this document as a resource to ensure smooth and effective collaboration with us. It will be your reference for **Current Procedural Terminology** (CPT®) codes for services, programs and prescriptions that require approval for coverage.

See **Evidence of Coverage** for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna®. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. The formulary, provider and/or pharmacy network may change at any time. You will receive notice when necessary.

Make sure you review and understand how to submit a precertification request to us. To learn more, refer to the How to submit section.

Check out the table of contents on the next page for a closer look at what you'll find in this guide.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna provides certain management services on behalf of its affiliates. Banner|Aetna, Allina Health | Aetna, are affiliates of Aetna Life Insurance Company and its affiliates (Aetna). Aetna provides certain management services to these entities. CPT only Copyright 2025 American Medical Association. All Rights Reserved.

This information applies to:

- Aetna® plans
- Aetna Medicare plans
- Allina Health | Aetna plans
- Banner|Aetna plans
- Innovation Health® plans

This information doesn't apply to members in a Traditional Choice® plan or an indemnity plan.

aetna®

Submitting precertification requests

IMPORTANT: As the patient's attending provider, you must complete all sections of a submission. If you don't send all medical records we ask for, it may delay our review or cause a denial of coverage.

You must submit precertification requests at least two weeks in advance. You can save time by requesting precertification online. Doing so is fast, secure and simple.

You can submit most requests through our Availity® provider portal. You can also send requests for specialty drugs with Novologix® through Availity.

Go to Availity.com to start a request.

Note: Your office may also send in an electronic request. Just use your own Electronic Medical Record (EMR) system.

Go to Aetna.com/PrecertificationOverview to learn more about the precertification process.

What happens next

Once we have the requested information, we'll perform a clinical review. We'll let you know when we make a coverage determination.

How we make coverage determinations

If you're asking for precertification for a Medicare Advantage member, we use the Centers for Medicare & Medicaid service (CMS) benefit policies to make our coverage decisions. This includes national coverage determinations (NCDs) and local coverage determinations (LCDs), when available. If there isn't an available NCD or LCD to review, we'll use the Aetna Medicare Part B Drug Criteria, Clinical Policy Bulletins and Precertification List. You can find them by going to the website listed on the back of the member's ID card.

Questions?

If you have any questions about submitting a request or about our precertification process, call us:

- Commercial plans: 1-888-632-3862 (TTY: 711)
- Medicare plans: 1-800-624-0756 (TTY: 711)

Or visit Aetna.com/ProviderPrecertificationList to learn more.

aetna®

You should know

- This material is for your information only. It's not meant to direct treatment decisions.
- The review of items on this list may vary at our discretion. If you receive approval for a service or supply, it's for that service or supply only.
- Services that don't need precertification are subject to the coverage terms of the member's plan.
- We require precertification when we're the primary or secondary payer.

Coverage changes and updates

- If member eligibility and plan coverage for the procedure or service you asked for hasn't changed, precertification approvals are valid for six months. This is true for all states. This is also the case unless we tell you otherwise when you receive the precertification decision.
- We update the precertification list each year. We usually do this in January and July. But we may add new drugs approved by the Federal Drug Administration (FDA) to the list at other times.

For more information

- Visit Clinical Policy Bulletins and our online provider directory.
- The precertification process doesn't include verbal or written requests for information about benefits or services not on the precertification lists. Our staff can assess if a caller is making an inquiry or asking for a coverage decision or organization determination.
- We don't offer all plans in all service areas. Not all plans include all services listed. For example, precertification programs don't apply to fully insured members in Indiana.

Behavioral health

- Refer to the behavioral health precertification list for a list of behavioral health services that require precertification.

Emergency services

Emergency services don't require precertification except when one of the following apply:

- Procedures requiring precertification don't occur on the same day as the emergency room visit
- Emergency visit resulting in an inpatient hospital admission requires reporting within two business days of the admission

Federal Employee Health Benefit Plans information

Precertification is not required for MHBP, the Rural Carrier Benefit Plan, and the Foreign Service Benefit Plan when original Medicare is the primary payer. Precertification is required for the Aetna Medicare Advantage Plan for MHBP Standard Option, Aetna Medicare Advantage for Rural Carrier Benefit Plan, and the Foreign Service Benefit Plan – Aetna Medicare Advantage Plan.

Innovation Health®

- Innovation Health Insurance Company and Innovation Health Plan, Inc. (Innovation Health) are affiliates of Aetna Life Insurance Company (Aetna) and its affiliates. Aetna® and its affiliates provide certain management services for Innovation Health.
- Find more information about notification and coverage determinations.
- We require precertification when Aetna or Innovation Health is the secondary payer.

Maternity information

We require precertification for maternity and newborn stays that are more than the standard length of stay (LOS). Standard LOS for:

- Vaginal deliveries are three days or fewer
- Cesarean section is five days or fewer

Oral medications and injections

Contact Aetna® Pharmacy Management for precertification of oral medications not on this list.

- Their number is 1-800-414-2386 (TTY: 711).
- Call 1-866-782-2779 (TTY: 711) for information on injectable medications not listed.

For drugs administered orally, by injection or infusion:

- Drugs newly approved by the FDA may require precertification review.
- Members of fully insured Texas and Louisiana plans have coverage for drugs we add to the precertification list according to their current plan design until their plan renews.
- Fully insured California HMO members and fully insured Connecticut PPO members covered for drugs added to the precertification list continue to have coverage.

aetna®

- Drug coverage continues for these California members as long as their doctor prescribes it appropriately. It must also be a safe and effective treatment for the medical condition.
- Drug coverage continues for these Connecticut members as long as the drug is medically necessary and more medically beneficial than other covered drugs.
- The prescribing provider must respond to requests for more information. For fully insured members with a Colorado state contract, we'll approve or deny precertification requests within time frames mandated by Colorado Regulation 4-2-49 RX Prior Authorization.

Student Health and Allina Health | Aetna plan information

For members enrolled in Aetna Student Health℠ or Allina Health | Aetna, precertification isn't required for the following outpatient services:

- Diagnostic cardiology
- Hip and knee arthroplasties
- Home health care
- Pain management
- Peripheral arterial disease (PVD)
- Polysomnography
- Radiology imaging
- Radiation oncology

Special information for members enrolled in a Dual Special Needs Plan (D-SNP) in Florida

Precertification may be required for Medicaid services to eligible recipients. You can use your current electronic solutions to submit a precertification request, or call the number listed on the member's ID card.

Texas members

- For precertification in Texas, we use the utilization review process to determine whether the requested service, procedure, prescription drug or medical device meets the company's clinical criteria for coverage. Precertification doesn't mean payment for care or services to fully insured HMO and PPO members, as defined by Texas law.

aetna®

Services that require precertification

For more information, read all general precertification guidelines.

For Commercial members, certain elective procedures, as noted with an asterisk (*), are subject to the medical necessity review of the procedure and the site of service.

	Procedure name/description	CPT codes
1.	**Inpatient confinements, including hospital at home (except hospice)** For example, surgical and nonsurgical stays, stays in a skilled nursing facility or rehabilitation facility, and maternity and newborn stays that exceed the standard length of stay (LOS). (See "Maternity information" in the General information section.) **Note:** Prior authorizations for skilled nursing or rehabilitation facility stays for Medicare Advantage members in New Jersey, New York, Pennsylvania and West Virginia are handled by EviCore Healthcare.	
2.	**Ambulance** Precertification required for transportation by fixed-wing aircraft (plane)	A0140, A0430, A0435, A0999, T2004, T2007, S9960
3.	**Arthroplasty**	• Total ankle 27702
4.	**Arthroscopic hip surgery to repair impingement syndrome, including labral repair***	29914, 29915, 29916, 29860, 29861, 29862, 29863
5.	**Autologous chondrocyte implantation***	27412, J7330, S2112
6.	**Cardiology**	• Implantable loop recorder 33285 • Watchman 33340 • Electrophysiological (EP) study 93653, 93654, 93656
7.	**Chiari malformation decompression surgery**	61343

*For Commercial members, this elective procedure is subject to the medical necessity review of the procedure and the site of service.

aetna®

	Procedure name/description	CPT codes
8.	**Cochlear device and/or implantation***	69930, L8614, L8619
9.	**Coverage at an in-network benefit level for out-of-network provider or facility unless services are emergent** Some plans have limited or no out-of-network benefits	
10.	**Dental implants**	21245, 21246, 21248, 21249
11.	**Dialysis visits** When a participating provider starts a request and dialysis is to be performed at a nonparticipating facility	90935, 90937, 90999
12.	**Dorsal column (lumbar) neurostimulators: trial or implantation**	63650, 63655, 63663, 63664, 63685, 63688
13.	**Electric or motorized wheelchairs**	E0983, E0984, E1007 K0010, K0011, K0012, K0013, K0014, K0800, K0801, K0802, K0806, K0807, K0808, K0812, K0813, K0814, K0815, K0816, K0820, K0821, K0822, K0823, K0824, K0825, K0826, K0827, K0828, K0829, K0830, K0831, K0835, K0836, K0837, K0838, K0839, K0840, K0841, K0842, K0843, K0848, K0849, K0850, K0851, K0852, K0853, K0854, K0855, K0856, K0857, K0858, K0859, K0860, K0861, K0862, K0863, K0864, K0868, K0869, K0870, K0871, K0877, K0878, K0879, K0880, K0884, K0885, K0886, K0890, K0891, K0898, K0899

*For Commercial members, this elective procedure is subject to the medical necessity review of the procedure and the site of service.

	Procedure name/description	CPT codes
14.	Endoscopic nasal balloon dilation procedures*	31295, 31296, 31297, 31298
15.	Functional endoscopic sinus surgery (FESS)*	31253, 31254, 31255, 31256, 31257, 31259, 31267, 31276, 31287, 31288
16.	Gender affirmation surgery	55970, 55980, 56805, 57335 11950, 11951, 11952, 11954, 15771, 15772, 15775, 15776, 15780, 15781, 15782, 15783, 15786, 15787, 15788, 15789, 15792, 15793, 15824, 15825, 15826, 15828, 17380, 19318, 21270, 30400, 30410, 30420, 30430, 30435, 30450, 53430, 54125, 54400, 54401, 54405, 54406, 54408, 54410, 54411, 54415, 54416, 54417, 54520, 54660, 54690, 55175, 55180, 56625, 56800, 56810, 57106, 57107, 57110, 57111, 57291, 57292, 58150, 58180, 58260, 58262, 58275, 58280, 58285, 58290, 58291, 58541, 58542, 58543, 58544, 58550, 58552, 58553, 58554, 58570, 58571, 58572, 58573, 58661, 58720
17.	Hip osteotomy	27146, S2115
18.	Hyperthermic intraperitoneal chemotherapy (HIPEC)	96547, 96548
19.	Hyperbaric oxygen therapy	G0277, 99183 — precertification required for Commercial members only
20.	Infertility services and pre-implantation genetic testing	58970, 58974, 58976, 76948, 89250, 89251, 89253, 89254, 89255, 89257, 89258, 89264, 89268, 89272, 89280, 89281, 89290, 89291, 89337, 89342, 89346 S4011, S4013, S4014, S4015, S4016, S4017, S4018, S4020, S4021, S4022, S4023, S4025

*For Commercial members, this elective procedure is subject to the medical necessity review of the procedure and the site of service.

Services that require precertification (continued)

	Procedure name/description	CPT codes
21.	**Knee arthroscopy**	29875, 29876, 29877, 29879 — precertification required for Medicare Advantage members only
22.	**Knee meniscectomy**	29875, 29876, 29877, 29879 — precertification required for Medicare Advantage members only
23.	**Lower limb prosthetics, such as microprocessor-controlled lower limb prosthetics**	L5781, L5782, L5856, L5857, L5858, L5859, L5926, L5968, L5969, L5973, L5980, L5987, L5999
24.	**Neurostimulator implantation**	64553, 64555, 64561, 64568, 64569, 64575, 64580, 64581, 64582, 64583, 64584, 64585, 64590, 64595 C8007, C8008, C8009, C8011, C8012, C8013 — precertification required effective July 1, 2026
25.	**Nonparticipating freestanding ambulatory surgical facility services, when referred by a participating provider**	
26.	**Orthognathic surgery procedures, bone grafts, osteotomies and surgical management of the temporomandibular joint**	21010, 21050, 21060, 21070, 21073, 21120, 21121, 21122, 21123, 21125, 21127, 21141, 21142, 21143, 21145, 21146, 21147, 21150, 21151, 21154, 21159, 21193, 21194, 21195, 21196, 21198, 21199, 21206, 21208, 21209, 21210, 21215, 21240, 21242, 21243, 21244, 21247, 21255, 21480, 21485, 21490, 21497, 29800, 29804
27.	**Osseointegrated implant***	69714, 69716 L8690, L8691, L8692, L8693

*For Commercial members, this elective procedure is subject to the medical necessity review of the procedure and the site of service.

40.	Whole genome sequencing	81415, 81416, 81417, 81425, 81426, 81427 0094U, 0214U, 0215U, 0335U, 0336U, 0425U, 0426U

Blood-clotting factors

Blood-clotting factors (precertification for outpatient infusion of this drug class is required)

- When the member is enrolled in a Commercial plan, you can call Aetna's Special Case Precertification Unit at **1-(855) 888-9046 (TTY: 711)** for precertification
- When the member is enrolled in a Medicare Advantage plan, you can call **1-866-503-0857 (TTY: 711)** for precertification or fax request forms to **1-844-268-7263 (TTY: 711)**.
  - See our Medicare online resources for more about preferred products or to find a precertification fax form
  - Site of care doesn't apply to Medicare Part B drugs

Drug name	Description
Advate (J7192)	antihemophilic factor, human recombinant
Adynovate (J7207)	antihemophilic factor [recombinant], PEGylated
Afstyla (J7210)	antihemophilic factor [recombinant], single chain
Alphanate (J7186)	antihemophilic factor/von Willebrand factor complex [human]
AlphaNine SD (J7193)	coagulation factor IX [human]
Alprolix (J7201)	coagulation factor IX [recombinant], Fc fusion protein
Altuviiio (J7214)	antihemophilic factor [recombinant], Fc fusion protein
BeneFix (J7195)	coagulation factor IX [recombinant]
Coagadex (J7175)	coagulation factor X [human]
Corifact (J7180)	factor XIII concentrate [human]
Eloctate (J7205)	antihemophilic factor [recombinant], Fc fusion protein
Esperoct (J7204)	antihemophilic factor [recombinant], glycopegylated-exei
Factor XIII (J7191)	Factor viii (antihemophilic factor (porcine)

Blood-clotting factors (continued)

Drug name	Description
FEIBA, FEIBA NF (J7198)	anti-inhibitor coagulant complex
Fesilty (J7176)	fibrinogen, human-chmt — precertification required effective July 1, 2026
Fibryga (J7177)	fibrinogen, human
Hemgenix (J1411)	etranacogene dezaparvovec — precertification required for the drug and site of care Commercial plans call 1-(855) 888-9046 (TTY: 711) Medicare Advantage plans call 1-866-503-0857 (TTY: 711)
Hemlibra (J7170)	emicizumab
Hemofil M (J7190)	antihemophilic factor [human]
Hemophilia clotting factor (J7199)	not otherwise classified
Humate-P (J7187)	antihemophilic factor/von Willebrand factor complex [human]
Idelvion (J7202)	antihemophilic factor [recombinant]
Ixinity (J7195, J7213)	coagulation factor IX [recombinant]
Jivi (J7208)	antihemophilic factor [recombinant], PEGylated-aucl
Kogenate FS (J7192)	antihemophilic factor [recombinant]
Kovaltry (J7211)	antihemophilic factor [recombinant]
NovoEight (J7182	antihemophilic factor [recombinant]
NovoSeven RT (J7189)	coagulation factor VIIa [recombinant]

Blood-clotting factors (continued)

Drug name	Description
Nuwiq (J7209)	simoctocog alfa
Obizur (J7188)	antihemophilic factor [recombinant], porcine sequence
Profilnine (J7194)	factor IX complex
Rebinyn (J7203)	coagulation factor IX [recombinant], glycoPEGylated
Recombinate (J7192)	antihemophilic factor [recombinant]
RiaSTAP (J7178)	fibrinogen concentrate [human]
Rixubis (J7200)	coagulation factor IX [recombinant]
Roctavian (J1412)	valoctocogene roxaparvovec-rvox — precertification required for the drug and site of care Commercial plans call **1-(855) 888-9046** (TTY: 711) Medicare Advantage plans call 1-866-503-0857 (TTY: 711)
Sevenfact (J7212)	coagulation factor VIIa [recombinant]-jncw
Tretten (J7181)	coagulation factor XIII a-subunit [recombinant]
Vonvendi (J7179)	von Willebrand factor [recombinant]
Wilate (J7183)	von Willebrand factor/coagulation factor VIII complex [human]
Xyntha, Xyntha Solofuse (J7185)	antihemophilic factor [recombinant]

For the following services, when the member is enrolled in a Commercial plan, you can call 1-866-752-7021 (TTY: 711) for precertification or fax request forms to 1-888-267-3277 (TTY: 711). However, the following exceptions apply:

- You can use the drug-specific Specialty Medication Request Form located online under "Specialty Pharmacy Precertification."
- You can submit Specialty Pharmacy precertification requests electronically using provider online tools and resources on our provider portal with Availity.

When the member is enrolled in a Medicare Advantage plan, you can call 1-866-503-0857 (TTY: 711) for precertification or fax request forms to 1-844-268-7263 (TTY: 711).

- See our Medicare online resources for more about preferred products or to find a precertification fax form.
- Site of care doesn't apply to Medicare Part B drugs

Drug name/description

Abraxane (paclitaxel protein-bound particles, J9264) — precertification required for Medicare Advantage members only

Acthar Gel/H. P. Acthar (corticotropin, J0801, J0802)

Adakveo (crizanlizumab-tmca, J0791) — precertification required for the drug and site of care

Adcetris (brentuximab vedotin, J9042) — precertification required for drug and site of care

Adstiladrin (nadofaragene firadenovec-vncg, J9029)

Alpha 1-proteinase inhibitor (human) (precertification required for the drug and site of care):

Aralast NP (alpha 1-proteinase inhibitor, J0256)
Glassia (alpha 1-proteinase inhibitor, J0257)

Alpha 1-proteinase inhibitor (human) (continued):

Prolastin-C (alpha 1-proteinase inhibitor, J0256)
Zemaira (alpha 1-proteinase inhibitor, J0256)

Alymsys (bevacizumab, Q5126) — precertification required for the drug and site of care for oncology indications only

Alzheimer's disease

(precertification required for the drug and site of care):

Kisunla (donanemab-azbt, J0175)

Leqembi IV (lecanemab-irmb, J0174)

Leqembi SQ (lecanemab-irmb, J3490 J3590 C9399) — precertification required for Medicare Advantage members only

Other drugs and medical injectables (continued)

Amtagvi (lifileucel, J3490, J3590, C9399, J9999) — precertification required for the drug and site of care

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Amyotrophic lateral sclerosis (ALS) drugs:

(precertification required for the drug and site of care):

- Qalsody (tofersen, J1304)
- Radicava (edaravone, J1301)

Anktiva (nogapendekin alfa inbakicept-pmln, J9028)

Autoimmune infused infliximab:

(precertification required for the drug and site of care):

- Avsola (infliximab-axxq, Q5121)
- Inflectra (infliximab-dyyb, Q5103)
- Remicade (infliximab, J1745)
- Renflexis (infliximab-abda, Q5104)

Avastin (bevacizumab, J9035) — precertification required for the drug and site of care for oncology indications only

Aveed (testosterone undecanoate, J3145)

Axtle (pemetrexed, avyxa J9292) — precertification required for Medicare Advantage members

precertification required for commercial members effective July 1, 2026

Avzivi (bevacizumab-tnjn, J3490, J3590, C9399, J9999)

Beizray (docetaxel, J9174)

precertification required for Medicare Advantage members

precertification required for commercial members effective July 1, 2026

Belrapzo (bendamustine HCl, J9036)

Bendeka (bendamustine HCl, J9034)

Benlysta (belimumab, J0490) — precertification required for the drug and site of care

Besponsa (inotuzumab ozogamicin, J9229)

Bizengri (zenocutuzumab-zbco, J9382)

Blenrep (belantamab mafodotin, J9053)

Bortezomib (J9046, J9048, J9049, J9051)
Commercial plans — precertification required for multiple myeloma only

Medicare plans — precertification required for all diagnoses

Boruzu (bortezomib, J9054)

Commercial plans — precertification required for multiple myeloma only

Medicare plans — precertification required for all diagnoses

Botulinum toxins:

- Botox (onabotulinumtoxinA, J0585) — precertification required for Commercial members only
- Daxxify (daxibotulinumtoxin A, J0589)
- Dysport (abobotulinumtoxinA, J0586)

Other drugs and medical injectables (continued)

Letybo (letibotulinumtoxinA-wlbg, J3490, J3590, C9399)
Myobloc (rimabotulinumtoxinB, J0587)
Xeomin (incobotulinumtoxinA, J0588) — precertification required for Commercial members only

Cabenuva (cabotegravir; rilpivirine, J0741) — precertification required for drug and site of care effective April 1, 2026 for commercial members only

Cablivi (caplacizumab-yhdp, C9047)

Calcitonin gene-related peptide (CGRP) receptor inhibitors:

Vyepti (eptinezumab-jjmr, J3032) — precertification required for the drug and site of care

Cardiovascular — PCSK9 inhibitors:

Leqvio (inclisiran, J1306)

Casgevy (exagamglogene autotemcel, J3392) — precertification required for the drug and site of care

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Chimeric Antigen Receptor T-Cell Therapy (CAR-T) — contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Abecma (idecabtagene vicleucel, Q2055)
Aucatzyl (obecabtagene autoleucel, obe-cel, Q2058)
Breyanzi (lisocabtagene maraleucel, Q2054)
Carvykti (ciltacabtagene autoleucel, Q2056)
Kymriah (tisagenlecleucel, Q2042)
Tecartus (brexucabtagene autoleucel, Q2053)

Chimeric Antigen Receptor T-Cell Therapy (CAR-T) (continued):

Yescarta (axicabtagene ciloleucel, Q2041)

Columvi (glofitamab-gxbm, J9286)

Complement inhibitor drugs:

(precertification required for the drug and site of care):

Piasky (crovalimab-akkz, J1307)
Veopoz (pozelimab-bbfg, J9376)

Cortrophin Gel (repository corticotropin, J3490, J3590)

Cosela (Trilaciclib, J1448

Crysvita (burosumab-twza, J0584) — precertification required for the drug and site of care

Cyramza (ramucirumab, J9308)

Danyelza (naxitamab-gqgk, J9348)

Darzalex (daratumumab, J9145)

Darzalex Faspro (daratumumab and hyaluronidase-fihj, J9144)

Datroway (datopotamab deruxtecan-dlnk, J9011) — precertification required for the drug and site of care

Decnupaz (Pivekimab Sunirine-pvzy, J3490, J3590, C9399, J9999)— precertification required effective August 1, 2026

Other drugs and medical injectables (continued)

Docivyx (docetaxel, J9172)- precertification required for Medicare Advantage members

precertification required for commercial members effective July 1, 2026

Elahere (mirvetuximab soravtansine-gynx, J9063)

Elrexfio (elranatamab-bcmm, J1323)

Empliciti (elotuzumab, J9176)

Emrelis (telisotuzumab vedotin-tllv, J9326)

Enjaymo (Sutimlimab-jome, J1302) — precertification required for the drug and site of care

Enzyme replacement drugs:

- Adzynma (ADAMTS13, recombinant-krhn, J7171) — precertification required for the drug and site of care
- Aldurazyme (laronidase, J1931) — precertification required for the drug and site of care
- Avlayah (tividenofusp alfa-eknm, J3490, J3590, C9399)— precertification required effective May 1, 2026
- Brineura (cerliponase alfa, J0567)
- Cerezyme (imiglucerase, J1786) — precertification required for the drug and site of care
- Elaprase (idursulfase, J1743) — precertification required for the drug and site of care
- Elelyso (taliglucerase alfa, J3060) — precertification required for the drug and site of care
- Elfabrio (pegunigalsidase alfa-iwxj, J2508) — precertification required for the drug and site of care

Enzyme replacement drugs (continued):

- Fabrazyme (agalsidase beta, J0180) — precertification required for the drug and site of care
- Kanuma (sebelipase alfa, J2840) — precertification required for the drug and site of care
- Lamzede (velmanase alfa, J0217)
- Loargys (pegzilarginase, J3490, J3590, C9399) — precertification required for the drug and site of care effective April 1, 2026
- Lumizyme (alglucosidase alfa, J0220, J0221) — precertification required for the drug and site of care
- Mepsevii (vestronidase alfa-vjbk, J3397) — precertification required for the drug and site of care
- Naglazyme (galsulfase, J1458) — precertification required for the drug and site of care
- Nexviazyme (avalglucosidase alfa-ngpt, J0219) — precertification required for the drug and site of care
- Pombiliti (cipaglucosidase alfa-atga, J1203)
- Strensiq (asfotase alfa, J3490, J3590)
- Vimizim (elosulfase alfa, J1322) — precertification required for the drug and site of care
- VPRIV (velaglucerase alfa, J3385) — precertification required for the drug and site of care
- Xenpozyme (olipudase alfa-rpcp, J0218) — precertification required for the drug and site of care

Epkinly (epcoritamab-bysp, J9321)

Erbitux (cetuximab, J9055)

Other drugs and medical injectables (continued)

Erythropoiesis-stimulating agents:

- Aranesp (darbepoetin alfa, J0881, J0882) — precertification required for Commercial members only
- Epogen (epoetin alfa, J0885, Q4081)
- Mircera (methoxy polyethylene glycol-epoetin beta, J0887, J0888) — precertification required for Commercial members only
- Procrit (epoetin alfa, J0885, Q4081) — precertification required for Commercial members only
- Retacrit (recombinant human erythropoietin-epbx, Q5105, Q5106)

Evdi (trabectedin, J3490, J3590, J9999, C9399) — precertification required effective August 1, 2026

Evkeeza (evinacumab-dgnb, J1305) — precertification required for the drug and site of care

Ferrlecit (sodium ferric gluconate, J2916) — precertification required for Commercial members only August 1, 2026

Fusilev (levoleucovorin, J0641)

Fyarro (sirolimus protein-bound particles for injectable suspension, J9331)

Gattex (teduglutidem, J3490)

Givlaari (givosiran, J0223) — precertification required for the drug and site of care

Granulocyte-colony stimulating factors:

- Armlupeg (pegfilgrastim-unne Q5169) — precertification required effective April 1, 2026
- Ennumo (pegfilgrastim-pccg, J3490, J3590, C9399) — precertification required effective August 1, 2026
- Filkri (filgrastim-laha J3490 J3590 C9399) — precertification required effective May 1, 2026
- Fulphila (pegfilgrastim-jmdb, Q5108) — precertification required for commercial only effective May 1, 2026
- Fylnetra (pegfilgrastim-pbbk, Q5130)
- Granix (tbo-filgrastim, J1447)
- Leukine (sargramostim, J2820)
- Neulasta (pegfilgrastim, J2506) — precertification required for Commercial members only
- Neupogen (filgrastim, J1442)
- Nivestym (filgrastim-aafi, Q5110)
- Nypozi (filgrastim-txid, Q5148)
- Nyvepria (pegfilgrastim-apgf, Q5122)
- Releuko (filgrastim-ayow, Q5125)
- Rolvedon (eflapegrastim-xnst, J1449)
- Ryzneuta (efbemalenograstim alfa-vuxw, J9361)
- Stimufend (pegfilgrastim-fpgk, Q5127)
- Udenyca (pegfilgrastim-cbvq, Q5111)
- Udenyca OBI (pegfilgrastim-cbqv, Q5111)
- Zarxio* (filgrastim-sndz, Q5101) — precertification required for Commercial members only
- Ziextenzo (pegfilgrastim-bmez, Q5120)

Growth hormone:

- Skytrofa (lonapegsomatropin-tcgd, J3490, J3590) — precertification required for Medicare Advantage members only

Hereditary angioedema agents:

- Berinert (C1 esterase inhibitor, J0597)
- Cinryze (C1 esterase inhibitor, J0598) — precertification required for the drug and site of care required
- Dawnzera (Donidalorsen Sodium, J3490 J3590 C9399)
- Firazyr SC (icatibant acetate, J1744) — precertification required for Commercial members only
- Haegarda (C1 esterase inhibitor subcutaneous [human], J0599) — precertification required for Commercial members only
- Kalbitor (ecallantide, J1290)
- Ruconest (C1 esterase inhibitor, J0596)
- Sajazir SC (icatibant acetate, J1744) — precertification required for Commercial members only
- Takhzyro (lanadelumab-flyo, J0593)

Hereditary transthyretin-mediated amyloidosis (ATTR) drugs:

- Amvuttra (vutrisiran, J0225) — precertification required for the drug and site of care
- Onpattro (patisiran, J0222) — precertification required for the drug and site of care
- Wainua (eplontersen, J3490, J3590, C9399)

HER2 receptor drugs:

- Enhertu (fam-trastuzumab deruxtecan-nxki, J9358)
- Herceptin (trastuzumab, J9355) — precertification required for the drug and site of care
- Herceptin Hylecta (trastuzumab and hyaluronidase-oysk, J9356)
- Hercessi (trastuzumab-strf, Q5146) — precertification required for the drug and site of care
- Herzuma (trastuzumab-pkrb, Q5113) — precertification required for the drug and site of care
- Kadcyla (ado-trastuzumab emtansine, J9354) — precertification required for the drug and site of care
- Kanjinti (trastuzumab-anns, Q5117) — precertification required for the drug and site of care
- Margenza (margetuximab-cmkb, J9353)
- Ogivri (trastuzumab-dkst, Q5114) — precertification required for the drug and site of care
- Ontruzant (trastuzumab-dttb, Q5112) — precertification required for the drug and site of care
- Perjeta (pertuzumab, J9306) — precertification required for the drug and site of care
- Phesgo (pertuzumab/trastuzumab/ hyaluronidase-zzxf, J9316)
- Poherdy (pertuzumab-dpzb, J3490, J3590, J9999)— precertification required for drug and site of care effective April 1, 2026
- Trazimera (trastuzumab-qyyp, Q5116) — precertification required for the drug and site of care
- Ziihera (zanidatamab-hrii, J9276)

Hypoxia-inducible factor prolyl hydroxylase (HIF PH) inhibitors:

Vafseo (vadadustat, J0901) — precertification required for Medicare Advantage members only

Ilaris (canakinumab, J0638)— precertification required for drug and site of care effective April 1, 2026.

Imdelltra (tarlatamab-dlle, J9026)

Imlygic (talimogene laherparepvec, J9325)

Imjudo (tremelimumab, J9347)

Immunoglobulins

(precertification required for the drug and site of care):

Alyglo (immune globulin intravenous, human-stwk, J1552)
Asceniv (immune globulin, J1554)
Bivigam (immune globulin, J1556)
Cutaquig (immune globulin, J1551)
Cuvitru (immune globulin SC [human], J1555)
Flebogamma/flebogamma dif (immune globlin, J1572)— precertification required effective March 1, 2026
GamaSTAN (immune globulin, J1460, J1560) — prior authorization for site of care no longer required effective August 1, 2026
Gammagard (immune globulin, J1569)
Gammagard ERC (immune globlin, J1569) — precertification required effective March 1, 2026
Gammagard S/D (immune globulin, J1566)
Gammaked (immune globulin, J1561)
Gammaplex (immune globulin, J1557)
Gamunex-C (immune globulin, J1561)

Immunoglobulins (continued) :

Hizentra (immune globulin, J1559)
HyQvia (immune globulin, J1575)
Octagam (immune globulin, J1568)
Panzyga (immune globulin, J1576)
Privigen (immune globulin, J1459)
Qivigy (immune globulin intravenous, human-kthm, J1577) — precertification required for the drug and site of care effective July 1, 2026
Xembify (immune globulin, J1558)
Yimmugo (immune globulin intravenous, human – dira, J1553

Immunologic agents:

Actemra IV (tocilizumab, J3262) — precertification required for the drug and site of care
Avtozma (tocilizumab-anoh, Q5156) — precertification required for the drug and site of care
Cimzia (certolizumab pegol, J0717)
Cosentyx IV (secukinumab, J3247)
Enspryng (satralizumab, J3490, J3590) — precertification required for Medicare Advantage members only
Entyvio (vedolizumab, J3380) — precertification required for the drug and site of care
Gazyva (obinutuzumab, J9301) — precertification required for Commercial members effective effective August 1, 2026
Ilumya (tildrakizumab, J3245)
Imaavy (nipocalimab-aahu J9256) — precertification required for the drug and site of care
Immgolis Intri (golimumab-sldi, J3490, J3590, C9399) — precertification required for the drug and site of care effective August 1, 2026

.

Imuldosa (ustekinumab-srlf, Q5098)
Omvoh (mirikizumab-mrkz, J2267)
Orencia SQ (abatacept, J0129) — precertification required for Medicare Advantage members only
Orencia IV (abatacept, J0129) — precertification required for the drug and site of care
Otulfi SQ/IV (ustekinumab-aauz, Q9999)
Papzimeos (zopapogene imadenovec-drba J3404) — precertification required for the drug effective May 1, 2026
Pyzchiva IV (ustekinumab-ttwe, Q9997)
Pyzchiva SC (ustekinumab-ttwe, Q9996) — precertification required for commercial members only
Riabni (rituximab-arrx, Q5123) — precertification required for the drug and site of care
Rituxan (rituximab, J9312) — precertification required for the drug and site of care
Rituxan Hycela (rituximab/hyaluronidase human, J9311)
Ruxience (rituximab-pvvr, Q5119) — precertification required for the drug and site of care
Rystiggo (rozanolixizumab-noli, J9333)
Selarsdi (ustekinumab-aekn, Q9998)
Simponi Aria (golimumab, J1602) — precertification required for the drug and site of care
Skyrizi IV (risankizumab-rzaa, J2327)
Spevigo (spesolimab-sbzo, J1747) — precertification required for drug and site of care effective April 1, 2026
Starjemza (ustekinumab-hmny, Q5164)
Stelara SC*(ustekinumab, J3357) — precertification required for Commercial members only
Stelara IV (ustekinumab, J3358)
Steqeyma (ustekinumab-stba, Q5099)

Immunnologics agents (continued):

Tofidence (tocilizumab-bavi, Q5133)
Tremfya IV (guselkumab, J1628)
Truxima (rituximab-abbs, Q5115) — precertification required for the drug and site of care
Tyenne (tocilizumab-aazg, Q5135, J3490, J3590, C9399) —precertification required for drug and site of care
ustekinumab (J3358)
ustekinumab-aauz (Q9999)
ustekinumab-aekn (Q9998)
ustekinumab-stba (Q5009)
ustekinumab-ttwe (Q9997)
Vyvgart (efgartigimod alfa-fcab, J9332)
Vyvgart Hytrulo (efgartigimod alfa and hyaluronidase-qvfc, J9334) — precertification required for the drug and site of care. Site of care is only required for Chronic Inflammatory Demyelinating Polyneuropathy (CIDP)
Wezlana IV (ustekinumab-auub, Q5138)
Wezlana SC (ustekinumab-auub, Q5137)
Yesintek (ustekinumab-kfce, Q5100)

Inlexzo (gemcitabine intravesical system, J9183) — precertification required effective July 1, 2026

Injectable infertility drugs:

Chorionic gonadotropin (J0725)
Cetrotide (cetrorelix acetate, J3490, J3590)
Follistim AQ (follitropin beta, S0128)
Ganirelix AC (ganirelix acetate, S0132)
Gonal-f (follitropin alfa, S0126)
Gonal-f RFF (follitropin alfa, S0126)
Menopur (menotropins, S0122)

Other drugs and medical injectables (continued)

Novarel (chorionic gonadotropin, J0725)
Ovidrel (choriogonadotropin alfa, J0725)
Pregnyl (chorionic gonadotropin, J0725)

Iron replacement agents:

Feraheme (ferumoxytol, Q0138, Q0139)

Injectafer (ferric carboxymaltose injection, J1439)

Monoferric (ferric derisomaltose, J1437)

Itvisma (onasemnogene abeparvovec-brve, J3405) — precertification required for the drug and site of care effective April 1, 2026

Jelmyto (mitomycin, J9281)

Jobevne (bevacizumab-nwgd, Q5160)

Kebilidi (eladocagene exuparvovec-tneq, J3490, J3590, C9399) — precertification required for the drug and site of care

Khapzory (levoleucovorin, J0642)

Kimmtrak (tebentafusp-tebn, J9274)

Korsuva (difelikefalin, J0879) — precertification required for Commercial members only

Kresladi (marnetegragene autotemcel J3490,J3590, C9399)— precertification required for drug effective July 1, 2026

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Krystexxa (pegloticase, J2507) — precertification required for the drug and site of care

Kyprolis (carfilzomib, J9047)

Commercial plans — precertification required for multiple myeloma only

Medicare plans — precertificatoin required for all diagnoses

Kyxata (Carboplatin, J9278) — precertification required for Medicare only effective April 1, 2026

Lantidra (donislecel-jujn, J3490, J3590, C9399)

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Lenmeldy (atidarsagene autotemcel, J3391) — precertification required for the drug and site of care

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Lunsumio (mosunetuzumab, J9350)

Lunsumio Velo (mosunetuzumab-axgb, J9350) — precertification required effective April 1, 2026

Luteinizing hormone-releasing hormone (LHRH) agents:

Commercial plans — precertification required for prostate cancer only

Medicare plans — precertificatoin required for all diagnoses

Camcevi (leuprolide mesylate, J1952)
Camcevi ETM (leuprolide mesylate, J9003) — precertification required effective July 1, 2026
Eligard (leuprolide acetate, J9217) — precertification required for Commercial members only

Other drugs and medical injectables (continued)

Firmagon (degarelix, J9155) — precertification required for Commercial members only
Lupron depot (leuprolide acetate, J1950) — precertification required for Medicare Advantage members only
Lupron depot (leuprolide acetate, J9217)
Lutrate (leuprolide acetate, J1954)
Trelstar (triptorelin pamoate, J3315)
Vabrinty (leuprolide acetate, J9217) — precertification required for Commercial members only effective August 1, 2026
Zoladex (goserelin, J9202)

Lyfgenia (lovotibeglogene autotemcel, J3394) — precertification required for the drug and site of care

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Lymphir (denileukin diftitox-cxdl, J9161)

Lynozyfic IV (Linvoseltamab – gcpt, J9601)

Monjuvi (tafasitamab-cxix, J9349)

Multiple sclerosis drugs

(precertification required for the drug and site of care):

Briumvi (ublituximab, J2329)
Lemtrada (alemtuzumab, J0202)
Ocrevus (ocrelizumab, J2350)
Ocrevus Zunovo (ocrelizumab and hyaluronidase-ocsq, J2351) Tyruko (natalizumab-sztn, Q5134)
Tysabri (natalizumab, J2323)

Muscular dystrophy drugs:

(precertification required for the drug and site of care):

Amondys 45 (casimersen, J1426)
Elevidys (delandistrogene moxeparvovec, J3490, J3590, C9399)
Exondys 51 (eteplirsen, J1428)
Viltepso (viltolarsen, J1427)
Vyondys 53 (golodirsen, J1429)

Mvasi (bevacizumab-awwb, Q5107) — precertification required for the drug and site of care for oncology indications only

---

Myalept (metreleptin, J3490, J3590) — precertification required for Commercial members only

---

Niktimvo (axatilimab-csfr, J9038)

Nulibry (fosdenopterin, J1809)

Omisirge (omidubicel, J3490, J3590, C9399, J9999) — precertification required for the drug and site of care

---

Ophthalmic injectables:

Ahzantive (aflibercept-mrbb, Q5150)
Beovu (brolucizumab-dbll, J0179)
Byooviz (ranibizumab-nuna, Q5124)
Cimerli (ranibizumab-eqrn, Q5128)
Encelto (revakinagene taroretcel-lwey, J3403)
Enzeevu (aflibercept-abzv, Q5149)
Eydenzelt (aflibercept-boav, Q5170) — precertification required effective April 1, 2026
Eylea (aflibercept, J0178)
Eylea HD (aflibercept, J0177)

Other drugs and medical injectables (continued)

Izervay (avacincaptad pegol, J2782)
Lucentis (ranibizumab, J2778)
Lumvoa (veligrotug-vvze, J3490, J3590, C9399) —precertification required for the drug and site of care effective August 1, 2026
Luxturna (voretigene neparvovec-rzyl, J3398) — precertification required for the drug and site of care
Nufymco (ranibizumab-leyk Q5168) — precertification required effective May 1, 2026
Opuviz (aflibercept-yszy, Q5153)
Pavblu (aflibercept-ayyh, Q5147)
Ranluspec (ranibizumab-hkdz, J3490, J3590, C9399)— precertification required effective August 1, 2026
Susvimo (ranibizumab, J2779)
Syfovre (pegcetacoplan, J2781)
Tepezza (teprotumumab-trbw, J3241) — precertification required for the drug and site of care
Vabysmo (faricimab-svoa, J2777)
Yesafili (aflibercept-jbvf, Q5155)

Osteoporosis drugs:

Aukelso (denosumab-kyqq, Q5161) — precertification required effective April 1, 2026
Bildyos (denosumab-nxxp, Q5162) — precertification required effective April 1, 2026
Bilprevda (denosumab-nxxp, Q5162) — precertification required effective April 1, 2026
Bomyntra (denosumab-bnht, Q5158)
Boncresa (denosumab-mobz Q5171) — precertification required effective July 1, 2026
Bosaya (denosumab-kyqq, Q5161) — precertification required effective April 1, 2026
Conexxence (denosumab-bnht, Q5158)

Osteoporosis drugs (continued):

denosumab-bnht (J3490, J3590, C9399)
denosumab-dssb (J3490, J3590, C9399)
Enoby (denosumab-qbde, Q5167)— precertification required Effective April 1, 2026
Evenity (romosozumab-aqqg, J3111)
Forteo (teriparatide, J3110) — precertification required for Medicare Advantage members only
Jubbonti (denosumab-bbdz, Q5136)
Jubereq (denosumab-desu, Q5166) — precertification required effective April 1, 2026
Miacalcin (calcitonin, J0630) — precertification required for Medicare Advantage members only
Osenvelt (denosumab-bmwo, Q5157)
Ospomyv (denosumab-dssb, Q5159)
Osvyrti (denosumab-desu, Q5166) — precertification required effective April 1, 2026
Oziltus (denosumab-mobz Q5165) — precertification required effective July 1, 2026
Ponlimsi (denosumab-adet J3490, J3590, C9399) — precertification required effective May 1, 2026
Prolia (denosumab, J0897)
Stoboclo (denosumab-bmwo, Q5157)
Teriparatide (J3110) — precertification required for Medicare Advantage members only
Wyost (denosumab-bbdz, Q5136)
Xbryk (denosumab-dssb, J3490, J3590, C9399)
Xtrenbo (denosumab-qbde Q5167) — precertification required effective April 1, 2026

Otarmeni (lunsotogene parvec-cwah J3490, J3590, C9399) — precertification required effective July 1, 2026

Oxlumo (lumasiran, J0224) — precertification required for the drug and site of care

aetna®

Other drugs and medical injectables (continued)

Paclitaxel protein-bound particles (American Regent, J9264) — precertification required for Medicare Advantage members only

Padcev (enfortumab vedotin, J9177)

Paroxysmal nocturnal hemoglobinuria (PNH) drugs:

(precertification required for the drug and site of care):

- Bkemv (eculizumab-aaeb, Q5152)
- Epysqli (eculizumab-aagh, Q5151)
- Soliris (eculizumab, J1299)
- Ultomiris (Ravulizumab-cwvz, J1303)

Parsabiv (etelcalcetide, J0606) — precertification required for Commercial members only

PD1/PDL1 drugs (precertification required for the drug and site of care):

- Bavencio (avelumab, J9023)
- Imfinzi (durvalumab, J9173)
- Jemperli (dostarlimab-gxly, J9272)
- Keytruda (pembrolizumab, J9271)
- Keytruda Qlex (pembrolizumab and berahyaluronidase alfa-pmph, J9277)
- Libtayo (cemiplimab-rwlc, J9119)
- Loqtorzi (toripalimab-tpzi, J3263)
- Opdivo (nivolumab, J9299)
- Opdivo Qvantig (nivolumab and hyaluronidase-nvhy, J9289)
- Opdualag (nivolumab and relatlimab-rmbw, J9298)
- penpulimab-kcqx (J3490,J3590, C9399)
- Tecentriq (atezolizumab, J9022)

PD1/PDL1 drugs (continued):

- Tecentriq Hybreza (atezolizumab and hyaluronidase-tqjs, J9024)
- Tevimbra (tislelizumab, J9329)
- Unloxcyt (cosibelimab-ipdl, J9275)
- Zynyz (retifanlimab-dlwr, J9345)

Pedmark (sodium thiosulfate, J0208)

Pemfexy (pemetrexed, J9304) — precertification required for Medicare Advantage members.

precertification required for commercial members effective July 1, 2026

Pemrydi RTU (pemetrexed, J9324) — precertification required for Medicare Advantage members

precertification required for commercial members effective July 1, 2026

Polivy (polatuzumab vedotin-piiq, J9309)

Provenge (sipuleucel-T, Q2043)

Pulmonary arterial hypertension drugs:

- All epoprostenol sodium, sildenafil citrate and treprostinil sodium products
- Flolan (epoprostenol sodium, J1325)
- Remodulin (treprostinil sodium, J3285, J7686)
- Tyvaso (treprostinil, J3285, J7686)
- Veletri (epoprostenol sodium, J1325)
- Ventavis (iloprost, Q4074)
- Winrevair (sotatercept-csrk, J3490, J3590, C9399)

Other drugs and medical injectables (continued)

Radiopharmaceutical drugs:

- Metastron (Strontium-89 Chloride injection, A9600)
- Pluvicto (lutetium Lu 177 vipivotide tetraxetan, A9607)
- Xofigo (radium Ra 223 dichloride, A9606)

Reblozyl (luspatercept-aamt, J0896)

Redemplo (plozasiran, J3490) — precertification required for drug and site of care effective April 1, 2026

Respiratory injectables (precertification required for the drug and site of care):

- Cinqair (reslizumab, J2786)
- Exdensur (depemokimab, J2361) — precertification required effective April 1, 2026
- Fasenra (benralizumab, J0517)
- Nucala (mepolizumab, J2182)
- Omlyclo (omalizumab-igec, Q5154)
- Tezspire (tezepelumab-ekko, J2356)
- Xolair (omalizumab, J2357)

Rivfloza (nedosiran, J3490, J3590, C9399) — precertification required for the drug and site of care

---

Rybrevant (amivantamab-vmjw, J9061)

Rybrevant Faspro (amivantamab and hyaluronidase-lpuj, J9062) — precertification required for the drug and site of care effective April 1, 2026

Ryoncil (remestemcel-L, J3402)

Ryplazim (plasminogen, human-tvmh, J2998)

Rytelo (imetelstat, J0870)

Saphnelo (anifrolumab-fnia, J0491) — precertification required for the drug and site of care

---

Saphnelo SC (Anifrolumab-fnia J3490, J3590, C9399**)**— precertification required for the drug and site of care effective July 1, 2026.

Sarclisa (isatuximab-irfc, J9227)

Skysona/Lenti-D (elivaldogene autotemcel or eli-cel, J3387) — precertification required for the drug and site of care.

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Somatostatin agents:

- Lanreotide (cipla, J1932) — precertification required for the drug and site of care
- Sandostatin (octreotide, J2354)
- Sandostatin LAR (octreotide acetate, J2353) — precertification required for the drug and site of care
- Signifor (pasireotide, J3490, J3590) — precertification required for Commercial members only
- Signifor LAR (pasireotide, J2502)
- Somatuline (lanreotide, J1930) — precertification required for the drug and site of care
- Somavert (pegvisomant, J3490, J3590) — precertification required for Commercial members only

---

Spinraza (nusinersen, J2326) — precertification required for the drug and site of care

---

Spravato (esketamine, J0013)

Other drugs and medical injectables (continued)

Synagis (palivizumab, 90378)

Talvey (talquetamab-tgvs, J3055)

Tecelra (afamitresgene autoleucel, Q2057) — precertification required for the drug and site of care

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711)

Tecvayli (teclistamab-cqyv, J9380)

Tivdak (tisotumab vedotin-tftv, J9273)

Treanda (bendamustine HCl, J9033) — precertification required for Medicare members only effective July 1, 2026

Tregzi (T cells-vldq, J3490, J3590,C9399)— precertification required effective August 1, 2026

Trodelvy (sacituzumab govitecan-hziy, J9317)

Tzield (teplizumab-mzwv, J9381)

Uplizna (inebilizumab-cdon, J1823) — precertification required for the drug and site of care

Vectibix (panitumumab, J9303)

Vegzelma (bevacizumab-adcd, Q5129) — precertificatoin required for the drug and site of care for oncology indications

Velcade (bortezomib, J9041)

Commercial plans — precertification required for multiple myeloma only

Medicare plans — precertification required for all diagnoses

Venofer (iron sucrose, J1756)— precertification required for Commercial members only effective August 1, 2026

Viscosupplements:

- Durolane (Hyaluronic acid, J7318) — precertification required for Commercial members only
- Euflexxa (1% sodium hyaluronate, J7323) — precertification required for Commercial members only
- Gel-One (cross-linked hyaluronate, J7326)
- Gelsyn-3 (sodium hyaluronate 0.84%, J7328)
- Genvisc 850 (sodium hyaluronate, J7320)
- Hyalgan (sodium hyaluronate, J7321)
- Hymovis (high molecular weight viscoelastic hyaluronan, J7322)
- Hymovis One (viscoelastic hyaluronan, J7322) — precertification required effective April 1, 2026
- Monovisc (high molecular weight hyaluronan, J7327)
- Orthovisc (high molecular weight hyaluronan, J7324)
- Supartz FX (sodium hyaluronate, J7321)
- Synojoynt (1% sodium hyaluronate, J7331)
- Synvisc, Synvisc-One* (hylan G-F 20, J7325) — precertification required for commercial members only
- Triluron (sodium hyaluronate, J7332)
- TriVisc (sodium hyaluronate, J7329)
- Visco 3 (sodium hyaluronate, J7321)

Other drugs and medical injectables (continued)

Vivimusta (bendamustine hydrochloride, J9056)

Vyjuvek (beremagene geperpavec, J3490, J3590, C9399)

Vyloy (zolbetuximab-clzb, J1326)

Waskyra (etuvetidigene autotemcel, J3386) — precertification required for the drug and site of care effective April 1, 2026

Contact National Medical Excellence at 1-877-212-8811 (TTY: 711).

Xgeva (denosumab, J0897)

Precertification isn't required for **Student Health** and **Allina Health | Aetna plans**.

The Foreign Service Benefit Plan, MHBP and Rural Carrier Benefit Plan don't use EviCore for precertification. To authorize services, please use the contact information on the back of the member's ID card.

All members with plans that use this list need precertification. Exception: When members receive care in any inpatient facility or emergency room, or in an observation bed status.

In addition to precertification, some members will have site-of-care requirements for MRI and CT scans when services are requested in a hospital outpatient setting.

- Providers in all states where applicable should contact EviCore healthcare to request preauthorization.
- You can reach EviCore healthcare:
  - Online at Evicore.com
  - By phone at 1-888-622-7329 (TTY: 711) between 7 AM and 8 PM ET
  - By fax at 1-800-540-2406 (TTY: 711), Monday through Friday during normal business hours or as required by federal or state regulations

Radiation oncology

77371, 77372, 77373, 77387, 77402, 77407, 77412, 77423, 77424, 77425, 77437, 77438, 77439, 77600, 77605, 77610, 77615, 77620, 77761, 77762, 77763, 77767, 77768, 77770, 77771, 77772, 77778, A9590, G0339, G0340, 0395T, 0747T

Proton beam radiotherapy: 77520, 77522, 77523, 77525

- Complex
- 3D conformal
- Stereotactic radiosurgery (SRS)
- Stereotactic body radiation therapy (SBRT)
- Image guided radiation therapy (IGRT)
- Intensity-modulated radiation therapy (IMRT)
- Proton beam therapy
- Neutron beam therapy
- Brachytherapy
- Hyperthermia
- Radiopharmaceuticals

Precertification isn't required for **Student Health** and **Allina Health | Aetna plans**.

The Foreign Service Benefit Plan, MHBP and Rural Carrier Benefit Plan don't use EviCore for precertification. To authorize services, please use the contact information on the back of the member's ID card.

Precertification is required for all members with HMO-based plans, Aetna Medicare Advantage plans and fully insured Aetna® Commercial plans. This applies to services performed in any facility except inpatient settings, emergency rooms or observation bed status.

For fully insured Commercial and Medicare plans (excluding Florida Medicare plan members), you must contact EviCore Healthcare to request preauthorization.

- Online at Evicore.com
- By phone at 1-888-622-7329 (TTY: 711)
- By fax at 1-800-540-2406 (TTY: 711), Monday through Friday during normal business hours or as required by federal or state regulations

Site of service

Also see Special programs: **Radiology imaging**

Precertification is required when all of the following apply:

- The member is enrolled in an Aetna® fully insured Commercial plan or a self-insured plan that has opted in to the program; and
- Service(s) is in an outpatient hospital setting (NOT an ambulatory surgical facility or office setting); and
- The procedure is one of the following:
  - Breast tissue excision (19120)
  - Complex wound repair (13101, 13132)
  - Cystourethroscopy (52000)
  - Septoplasty (30520)
  - Skin tissue transfer or rearrangement (14040, 14060, 14301)
  - Tenodesis of long tendon of biceps (23430)
  - Turbinate resection (30140)

Whole exome sequencing (WES) and whole genome sequencing (WGS)
