AZ Blue and TPA Jointly Administered Plans

Large self-funded groups may opt to have their benefit plan jointly administered by AZ Blue and a third-party administrator (TPA). This arrangement is indicated on the member ID card by a note in the lower left corner with the name of the TPA.

Member ID prefixes assigned to these plans are JAR, JAZ, JCG, JGF, JKS, JPZ, JSW, K8Y, K8Z, MKQ, NBT, and PTP.

These employer groups may customize their prior authorization requirements. They use the TPA or another vendor for utilization management services, including prior authorization requests and medical policies. They also use a specialized vendor for pharmacy benefit management. Here are the details:

More information about AZ Blue and TPA jointly administered plans

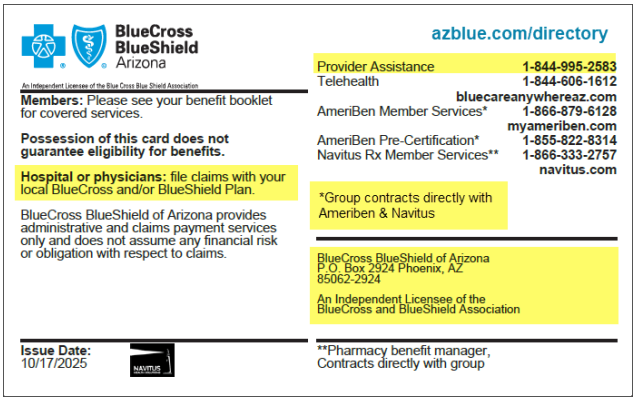

- AZ Blue supports provider inquiries and services through Availity Essentials™ (includes eligibility and benefits, claim submission, claim status, and remits).
- Because the TPA issues the member ID card, the digital card will not display through online eligibility and benefits inquiries as it does for other AZ Blue members.
- Similar to our CHS network-only arrangements, the employer group contracts directly with the TPA. The TPA provides and is solely responsible for certain plan administration services, including all member services and member appeals. The TPA does not provide AZ Blue products or services.
