Medicare Advantage authorization requirements

For dates of service on or after October 1, 2025

These authorization requirements apply to all Cigna Healthcare® Medicare Advantage markets.

This document lists services, items and medications that require authorization prior to being provided or administered to Cigna Healthcare Medicare Advantage plan customers.

- Any code included on this list requires authorization regardless of how it is classified on this document.
- Authorization is not required for emergency or urgent care.
- Some services are managed by our medical benefit management solution, EviCore by Evernorth®. For more details, please visit **www.EviCore.com/Cigna**.
- All SNF, IRF, LTAC and home health requests are managed by EviCore by Evernorth. For more details, please visit **www.EviCore.com/Cigna**.
  - Exception: Arizona home health requests are managed by tango, formerly known as Professional Health Care Network (PHCN).
- All DME requests (with the exception of Arizona) are managed by EviCore by Evernorth. For more details, please visit **www.EviCore.com/Cigna**.

Services must be provided according to Medicare coverage guidelines established by the CMS. According to the guidelines, all medical care, services, supplies and equipment must be medically necessary. You may review Medicare coverage guidelines at **www.CMS.gov/Medicare-Coverage-Database/**.

Arizona delegated vendors

The Arizona market has specially delegated vendors for certain services. Please contact these vendors for their delegated services:

- **American Specialty Health (ASH)** – Chiropractic and acupuncture
- **EviCore by Evernorth** – Cardiology, high-tech radiology, nuclear cardiology and radiation therapy
- **Tango** (formerly known as PHCN) – Home health care

Authorization requirements

When required, it is the provider's responsibility to obtain authorization prior to services being rendered. Facilities are encouraged to verify that a prior authorization has been approved before providing a service or item, unless the service is urgent or emergency care. Payment may be denied for services rendered without authorization.

All final decisions concerning coverage and payment are based on plan, customer eligibility, customer benefits, the provider's contract and applicable state law at the time of service delivery. An authorization number or referral number is not a guarantee of payment. Always verify benefits please.

Authorization requests can be submitted by phone, fax or at **Availity Essentials**. Navigate to Cigna Medicare Advantage Payer Space, and click on **Authorizations and Referrals** in **Applications**. (HSC currently not available for Arizona). For an overview of capabilities and instructions for obtaining access, visit the HSC section of the **Provider Manual** at **www.MedicareProviders.Cigna.com/Static/MedicareProviders-Cigna-Com/Docs/Medicare-Provider-Manual.pdf**.

To learn more, refer to the online Provider Directory.

To locate an in-network health care professional or facility, please call the provider customer service line for your market.

- **Arizona: 800.627.7534**
- **All other markets: 800.230.6138**

NONSURGICAL

Referral policy

Cigna Healthcare values the relationship between the patient, the primary care physician (PCP) and other providers involved in the patient's medical care. Our network of specialty physicians are contracted to work closely with our referring PCPs to coordinate and improve the quality of care provided to your Cigna Healthcare Medicare Advantage patients.

In 2025, a referral may or may not be required for a patient to see a specialist. Please refer to the 2025 Provider Manuals to determine if a referral is required for your patient.

For easy searching, hit Ctrl+F on your keyboard and type the five-digit code you are searching for.

Universal authorization requirements

- All inpatient admissions, including:
  - Inpatient medical and behavioral health
  - Inpatient rehabilitation
  - LTAC
  - Inpatient observation
  - SNF
- All home health care
- Out-of-network requests for HMO and POS customers, unless at urgent care, emergency room or behavioral health emergency setting
- Authorization is not required to visit an out-of-network provider for PPO customers; however, any services and procedures listed on this document still require authorization regardless of provider network status
- Supplemental benefit transportation requests for travel more than 70 miles; requests for travel less than 70 miles do not require prior authorization unless specified on this grid
- All transplant requests
- Behavioral Health Partial Hospitalization Program
- Dental care directly related to a medical condition that is requested to be paid with medical benefits rather than annual dental allowance
- Genetic testing
- Category III CPT Codes (typically codes that end in T) for emerging technologies, services, and procedures
