Prior authorization crosswalk table

Effective for dates of service on or after July 1, 2026

Use the following table when you have an approved prior authorization for treating a UnitedHealthcare member and need to provide an additional or different service.

How to use the *Prior Authorization Crosswalk Table*

If you have prior authorization for a CPT or HCPCS code listed in the left column and you perform a service:

- **Listed in the right column**, and the Product Applicability column contains:
  - An **X** for your members product, your original prior authorization can be used
  - An **N/A** for your members product, the Prior Authorization Crosswalk does not apply to that member's product
- **Not listed in the right column**, and the member is a:
  - **Community Plan or Medicare Advantage Plan member**, you must connect with us through chat 24/7 in the **UnitedHealthcare Provider Portal** to obtain a new authorization
  - **Commercial member**, you must modify the original prior authorization request before you submit the claim.
    - You can make CPT or HCPCS code changes to an existing approved prior authorization if the service is medically necessary
    - We will allow changes before you submit the claim if you make the change within 5 business days after you provide the service
    - Connect with us through chat 24/7 in the **UnitedHealthcare Provider Portal**.
  - **Exception:** The 5-business-day timeframe does not apply to Colorado commercial products regardless of the provider practice location. For these products, authorizations may be modified prior to claim submission.

Out-of-scope services

Applicable Codes

The procedure and/or diagnosis codes in the table are provided for reference purposes only and may not be all-inclusive. The listing of a code does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by the member-specific benefit plan document and applicable laws that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other policies and guidelines may apply.

Refer to the Advance Notification and Clinical Submission Requirements for a list of state or product-specific prior authorization requirements.
