July 2026

Medicare Part B preferred drug list
Aetna Medicare Advantage plans that offer prescription drug coverage (MAPD) only

Some medically administered Part B drugs may have extra requirements or limits on coverage. These may include step therapy. This is when we require you to first try certain preferred drugs to treat your medical condition before covering another non-preferred drug.

For example, if drug A and drug B both treat your condition, we may prefer drug A, and require you to try it first. If that does not work for you, we will then cover drug B. The listed preferred products should be used first. An exception process is in place for specific cases that may call for a non-preferred product.

Drug classes with preferred products are listed below. For specific medical indications subject to step therapy, please see the corresponding step therapy criteria document on the Aetna® website.

To find out more, go to **Aetna.com/health-care-professionals/medicare/part-b-drug-um**
You can also call us at the number on your ID card.

Category: Alpha-1 proteinase inhibitors				
Indications subject to step therapy: • **Alpha-1 antitrypsin deficiency**				
Preferred drugs	**HCPCS code**	**Medical necessity criteria**	**Step therapy criteria**	**Fax request form**
Prolastin-C	J0256	Link to criteria	None	Link to fax form
Zemaira	J0256			
Non-preferred drugs	**HCPCS code**	**Medical necessity criteria**	**Step therapy criteria**	**Fax request form**
Aralast NP	J0256	Link to criteria	Link to criteria	Link to fax form

**Additional preferred products through Part D may be available for members with open formularies*

This list indicates the common uses for which the drug is prescribed. Some medicines are prescribed for more than one condition. For specific medical indications subject to step therapy, please see the corresponding step therapy criteria document on the Aetna website.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with Aetna. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. Listed therapeutic classes and specific drug preferred designations are subject to change based on new drug launches, product approvals, drug withdrawals and other market changes. Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations, and conditions of coverage. Plan features and availability may vary by service area. The formulary may

change at any time. You will receive notice when necessary.
