Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

Submission Information

Dean Health Plan Commercial Insurance

- Providers are responsible for submitting prior authorizations for Dean Health Plan Commercial members with **HMO** or **POS (In-Network Provider)** plans; and
- Dean Health Plan Commercial members with **PPO** or **POS (Out-of-Network Provider)** plans need to verify that their provider has submitted a prior authorization before the service is performed in order to avoid incurring additional financial liability.
- Network providers please submit prior authorizations through the Availity Essentials Portal.
- Prior Authorization Forms may be accessed by clicking here.

Dean Health Plan Administrative Services Only (ASO)

- ASO members – contracted Dean ASO & Prevea 360 providers are responsible for submitting prior authorizations for Dean Health Plan ASO members.
- For all other providers, Dean Health Plan ASO members need to verify that their providers have submitted a prior authorization before the service is performed in order to avoid incurring additional financial liability.
- For ASO plan members, prior authorization and plan coverage of any medical intervention discussed in the Dean Health Plan Master Service List (MSL) is subject to the requirements outlined in the member's Summary Plan Description (SPD). You can access the member's SPD through the Provider Portal or by calling Customer Service at 877-234-4516
- Authorizations for members in our ASO (Administrative Services Only) plan types (payer ID 75261) should be submitted via email to ifbhealthmanagement@medica.com or via fax to 1 (608) 252-0830 on the relevant form found on our Utilization Management page under Prior Authorization Forms: DeanCare.com/Providers/Medical-Management.

DeanCare Gold (Medicare Cost) Insurance

- Prior authorization for care outside of the Dean Health Plan by Medica service area is not required. Members may access out-of-network providers, and services will be reimbursed at the Medicare fee schedule.

DeanCare Select (Medicare Supplement) Insurance

- Prior authorization for care outside of the Dean Health Plan by Medica service area is not required. Members may access out-of-network providers, and services will be reimbursed at the Medicare fee schedule

DeanCare Medicare Advantage Insurance

- Review the **Medicare Coverage Guidelines**, established by the Centers for Medicare & Medicaid Services (CMS) to determine which services require prior authorization. According to the guidelines, all medical care, services, supplies, and equipment must be medically necessary.

© 2026 Dean Health Plan

****The codes listed on this document may not be an all-inclusive list of codes that require prior authorization and/or have coverage limitations**.

Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

- In scenarios where CMS does not provide guidance on the particular medical care, service, supplies, or equipment, we will use MCG (formerly Milliman Care Guidelines) criteria or our medical policy. See our **Medical Services Prior Authorization List** (PDF) to review medical policies relevant to the services you are requesting.
- Prior authorization can be submitted by the provider, member, or member's representative.
- Network providers please submit prior authorizations through the Availity Essentials Portal.

BadgerCare Plus Insurance

- Review the BadgerCare Plus website to determine which codes require prior authorization.
- Providers are responsible for submitting prior authorizations for BadgerCare Plus members.
- Network providers please submit prior authorizations through the Availity Essentials Portal.

© 2026 Dean Health Plan

****The codes listed on this document may not be an all-inclusive list of codes that require prior authorization and/or have coverage limitations**.

Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

Prior Authorization Information

- *The codes listed on this document may **not** be an all-inclusive list of codes that require prior authorization and/or have coverage limitations.*
- *Use the current applicable CPT/HCPCS code(s). The following codes included in this document are for informational purposes only, and are subject to change without notice. Inclusion or exclusion of a code does not constitute or imply member coverage or provider reimbursement.*

Codes that require prior authorization:

- Providers are responsible for submitting prior authorizations for Dean Health Plan Commercial members with HMO or POS (In-Network Provider) plans.
- Dean Health Plan Commercial members with PPO or POS (Out-of-Network Provider) plans need to verify that their provider has submitted a prior authorization before the service is performed in order to avoid incurring additional financial liability.
- If the column states: Use applicable CPT or HCPCS codes, there are no specific CPT codes we can list because a general or nonspecific code applies.

Codes that do not require prior authorization:

- A prior authorization is NOT required when provided by an in-network provider under the member's plan.
- A Prior Authorization will NOT be processed for these requests and will be cancelled as not required if submitted.
- An appropriate diagnosis code must appear on the claim; claims will deny in the absence of an appropriate diagnosis code.
- If a claim is submitted without a diagnosis code considered Medically Necessary, the claim will deny unless coverage is mandated by state/federal laws.
- If these services are provided by an out-of-network provider for an EPO or HMO, use of an out-of-network provider must be authorized prior to the service.
- Denied claims will be addressed through the provider appeal process.
- Prior authorization is not required. However, services with specific coverage criteria may be reviewed retrospectively to determine if criteria are being met. Retrospective denial may result if criteria are not met.
- If the column states: Use applicable CPT or HCPCS codes, there are no specific CPT codes we can list because a general or nonspecific code applies.

Codes that are not covered:

- A Prior Authorization will NOT be processed for these requests and will be cancelled as not covered if submitted.
- Prior authorization, if submitted, will be cancelled as not covered for the service.
- If a claim is submitted the claim will deny unless coverage is mandated by state/federal laws. This **service** is investigative but there are no specific CPT codes we can list in the "Not Covered" column because a general or nonspecific code applies.
- Denied claims will be addressed through the provider appeal process.

© 2026 Dean Health Plan

Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

- Claims for this service are subject to retrospective review and denial of coverage, as investigative services are not eligible for reimbursement.

See Submission Information page for information regarding all product lines.
See Prior Authorization Information for information regarding coding and claims payment.
****The codes listed on this document may not be an all-inclusive list of codes that require prior authorization and/or have coverage limitations**.

Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

Providers without Access to the Dean Health Plan Provider Portal

If the provider does not have access to Availity Essentials Portal, request is for an ASO member, or for a medical injectable, please follow steps below:

- The various Authorization Request forms can be found on the Medical Management page of DeanCare.com;
- Authorization request forms should be mailed, emailed, or faxed on the date the request has been completed to ensure timely processing of the authorization request.
- Please complete all fields on the top part of the form in their entirety, otherwise the Dean Health Plan Utilization Management Department will return it to the referring physician for completion.
- When an authorization is requested to a non-contracted provider, please include as much information as possible regarding why the request is being submitted and the plan provider(s) that the member has already seen. The Dean Health Plan Utilization Management Department will review the authorization request to ensure that (1) medically necessary care has been requested and that (2) the service(s) requested are not available with plan providers.

All written Authorization Request forms must be either faxed, emailed, or mailed to Dean Health Plan using the following information:

Fax Number	**(608) 252-0830**
Email	ifbhealthmanagement@medica.com
Mailing Address	Dean Health Plan ATTN: Utilization Management P.O. Box 56099 Madison, WI 53705

NOTE: *Any prior authorization submitted as 'Medically Urgent' that does not meet the definition of medically urgent may be changed to non-urgent/standard. This determination is made only by medically licensed personnel, and includes a call to the requesting provider's office advising of this change and determination.*

NOTE: *Only services that are not provided within the Dean Health Plan provider network are considered for approval with a non-contracted provider.*

Coverage of any medical or drug intervention discussed in this document is subject to the limitations and exclusions outlined in the member's benefit certificate or summary plan description (SPD) and to applicable state and/or federal laws.

Carelon Prior Authorization

Dean Health Plan is partnering with Carelon, a utilization management (UM) program third-party vendor, to support the provider submission and medical necessity review process for all related authorizations. These select MSK, cardiology and high-tech radiology procedures and services will include but are not limited to: hip, knee and shoulder arthroscopy; various interventional pain management injections such as sacroiliac joint injections; imaging such as MRI, MRA and CT scans; angioplasty and stent placement; implantable pacemakers; and vascular imaging.

Prior authorization requests for musculoskeletal (MSK), cardiology or radiology services managed through Carelon, please submit to Carelon here. See Carelon's cardiology policies, radiology policies and MSK policies.

The Carelon provider portal is available 7 days a week, fully interactive, and processes requests in real time using clinical criteria. Or call Carelon toll-free at 1 (833) 476-1463, Monday through Friday, 8 a.m.-5 p.m. CT.

Excluded services

- Procedures performed in an inpatient setting (i.e., those services performed during an inpatient stay) or on an emergent basis (i.e., those services performed as part of being evaluated at the ER and prior to the patient's discharge from the hospital) are not included in the Carelon cardiology and radiology programs.
- Procedures performed on an emergent basis (as part of being evaluated at the ER and prior to the patient's discharge from the hospital) are not included in the Carelon MSK program.

- Applicable to the following Dean Health Plan product lines:
  - Commercial – Dean HMO/POS/PPO/Focus EPO
  - Dean Individual and Family Business
  - Dean Administrative Services Only (ASO)
  - Dean Medicaid
